Professional Summary:

- 6+ years of industrial experience in Application Engineer/ Proposal Engineer/Lead Estimation Engineer. A team player with proficiency to lead a team.
- Responsible for Invoice/ SES Submission/ Budget /Contract Documents for ADNOC Valve contracts.
- Responsible for Submission of ADNOC Tender and supporting Document & Preparation and Techno-commercial Proposals for Valves for flow media like oil & gas, Water etc. (Gate Globe, Check and Ball, Butterfly, Needle, Plug Valve, Control Valve).
- Responsible for all calculations like Torque, Open/Close position for valves to provide actuators.
- Responsible for GA Drawings required for Quotation using AutoCAD, Solid Works.
- Responsible for technical compliance of customer technical specifications
- Product pricing, troubleshooting, customer complaints are resolved through email and call efficiently.
- Knowledge of ADNOC ARIBA, AutoCAD for designing. ERP, Ln-Infor for order processing.
- Proactively research new prospects, communicate opportunities to increase new business.

CORE COMPETENCIES

- Client Relationship Management.
- Tender Approval Process.
- ADNOC Contracts
- Report Analysis
- Product Development
- Cost, Time, and Resource Estimates
- SAP Ariba
- Communication Skills

SOFTWARE SKILLS

SAP-Ariba, SolidWorks, AutoCAD, Advance Microsoft Office, Ln-Infor, ERP System, Salesforce. Photoshop CS6.

EDUCATION QUALIFICATION

Master of Technology , Industrial Automation & Robotics Manipal Institute of Technology, Manipal	May 2017
Bachelor of Technology , Industrial Production Engineering Manipal Institute of Technology, Manipal	May 2015
Diploma , Mechatronics Engineering, Dr.T.M.A.Pai Polytechnic Manipal	May 2012

WORK EXPERIENCE

AL-RAHA GROUP

MUBARRAZ OILFIELD INSTALLATION L.L.C, ABUDHABI

(DEC 2022-TILL DATE)

Lead Estimation Engineer- Valve division

Technical Skills: Application Engineering, Proposal/Estimation Engineering, Industrial Valves Auto CAD, SAP Ariba, SEAT-ADNOC.

Client Handled: ADNOC-Offshore, Onshore ADNOC Gas, Petrofac, LNG etc.

Responsibilities –

- Tender submission in SAP Ariba.
- Prepare Technical and Commercial proposal Documents for ADNOC Tender.
- Reviewing techno-commercial scope of work submitted by Production / QC with the technical and commercial documents received from client. Informing client on any deviation to minimize errors during quote submission.
- Reviewing the commercial terms and conditions of RFQ / Tenders and raising / highlighting concerning points to Production / QC
