PRODUCT INFORMATION

GOLDEN HARBOUR

TEFLON(PTFE) TUBES

PRODUCT INFORMATION

Material	Polytetrafluoroethylene (PTFE)
Condition	Extruded, Molded, Rigid or Flexible
Norm	ASTM,BS,DIN, EN AND EQUIVALENT
Size Range	ID 1mm to 300mm
	OD 2mm to 320mm
Wall Thickness	0.5mm to 25mm
Length	1000mm to 2000mm

Applications:

Industrial & Chemical Applications

- Chemical transfer lines
- Corrosive gas or fluid transport
- Lining pipes and hoses

Mechanical & Manufacturing Uses

- Cable insulation in machinery
- Lubrication-free sliding surface
- 3D printers and CNC machines

Electrical & Electronics

- Wire insulation
- High-frequency cable sheathing

Medical & Pharmaceutical

- Catheters and surgical tubing
- Fluid transfer in cleanrooms

Properties :

Combustibility	**Non-Combustible**
Chemical Resista	**Excellent**
Solubility	**Insoluble in Water& Solvent**
Oxidation Resistance	**Very High**
Acid & Alkali Resistai	**Excellent**
