PRODUCT INFORMATION

GOLDEN HARBOUR

COPPER SHIMS

PRODUCT INFORMATION

Alloy	C10300, C103 and Equivalent
Condition	Rolled
Norm	ASTM, DIN, JIS, & EQUIVALENT
Size Range	6"x50" , 6"x100"
Thickness	0.05MM to 0.9MM

Applications:

Automotive Industry

- Engine Components
- Brake System

Electrical Components

- Heat Sink
- Connectors and Circuit Boards

Industrial Machinery

- Precision Machining
- Gear Assemblies

Aerospace

- Aircraft Engines
- Landing Gear System

Renewable Energy(Wind and Solar)

- Wind Turbine Assemblies
- Solar Panel Mounting

Power Generation

- Transformers
- Generators

Marine Industry

- Ship Engines
- Sealing Gaskets

Properties :

Machinability	**Poor**
Hot Workability	**Poor**
Cold Workability	**Excellent**
