GOLDEN HARBOUR

PRODUCT INFORMATION

STAINLESS STEEL PIPES

PRODUCT INFORMATION

Alloy	304/304L, 316/316L, 321, 904L, Duplex(2205)
	Super Duplex(2507) & Equivalent
Condition	Drawn, Seamless, Bright Annealed
Norm	ASTM, BS, DIN, EN, JIS AND EQUIVALENT
Size Range	1/4" to 20"

Applications:

Chemical and Petrochemical Industries

- Piping Systems
- Reactors and Storage Tanks
- Heat Exchangers

Oil and Gas Industry

- Pipeline Systems
- Offshore and Subsea

Water and Wastewater Treatment

- Water Distribution Systems
- Wastewater Treatment

Automotive Industry

- Exhaust Systems
- Fuel and Brake Lines

Energy and Power Generation

- Nuclear Power Plants
- Power Plant Systems

Marine and Offshore

- Shipbuilding
- Offshore Platforms

Aerospace

- Aircraft Fuel and Hydraulic Systems
- Rocket and Jet Engine Components

Properties :

- Excellent Corrosion Resistance
- High Strenght & Durability
- Temperature Resistance
- Low Maintenance
- Hygenic & Non Reactive
- Good Aesthetic Apperance
- High Pressure & Impact Resistance
- Recyclable & Eco Friendly
